

## TECHNOLOGY STUDENT ASSOCIATION PLAN OF WORK LOG

Date	Task	Time involved	Team member responsible (student initials)	Comments
2/25/24 1.	Research clean/green energy practices that are provided to Americans.	2 hours on video call	SM, AT, LC, RP, MK, ED	Found sources on solar panels, window-insulation, thermostats, and water heaters and identified costs.
2/28/24 2.	Planned the design and theme of the website.	1 hour on video call	RP, MK, ED	Created the name "GreenLiving" for our website Used Canva to plan the design and aesthetics of the website
3/5/24 3.	Used HTML to add all the basic elements of our design onto the website.	2 hours on video call	SM, AT, LC	Primarily worked on the frontend of the website, focusing on adding all the basic elements onto the website Basic CSS was used to design elements
3/11/24 4.	Use elements implemented previously to create structure and design of website using CSS	1.5 hours on video call	RP, MK, ED	Elements were designed using CSS (ex. changing divs to create grid like structures), working on the frontend of the website Divided CSS and its corresponding HTML for each page in different files (organization)
3/18/24 5.	Used JS to code the backend of the website (ex. transitions, link access, and menu)	1.5 hours on video call	SM, AT, LC, RP, MK, ED	Backend of the website (functionalities) Everything from the transitions to the menu bar is coded using JavaScript
3/25/24 6.	Formatted the website and finalized changes	2 hours on video call	SM, AT, LC, RP, MK, ED	Compared the website to the rubric to make final changes.
